BACHELOR OF SCIENCE IN COMPUTER SYSTEMS AND TELECOMMUNICATIONS

Passionate about leveraging technology and projects for positive global impact. My experience includes successfully leading a team to enhance efficiency and innovate processes, which significantly reduced time and effort. These experiences have strengthened my communication, problem-solving, and time management skills. With excellent English proficiency and a collaborative approach to teamwork, I am eager to apply my abilities to complex, impactful challenges and contribute to meaningful solutions while growing as a professional.
